## Onboarding Process as a New Payee

If you are not yet a Purdue Research Foundation vendor, you must be invited by a PRF employee to register as a new vendor via PaymentWorks. If you established a vendor relationship with PRF prior to the implementation of the PaymentWorks system, and your information is unchanged, you do not need to take any action. However, if you need to update any of your vendor information, you will need to be invited by PRF via PaymentWorks, and complete the PaymentWorks onboarding process.

### Creating a PaymentWorks Account

You will receive an email invitation from PRF inviting you to create a PaymentWorks account and complete their New Vendor Registration form. If you are not the person within your organization who will complete and submit the request, you can forward the invitation email to a colleague prior to beginning account registration.
